As many as thirty thousand Wyandotte County residents—including senior citizens, immigrants, youth in foster care, homeless citizens, and reentering individuals—experience lack of access to critical services, benefits, and cultural, educational, and civic opportunities due to not having a government issued ID. Do you think eliminating obstacles for those who cannot obtain government issued identification is very important, somewhat important, not too important, or not important at all?

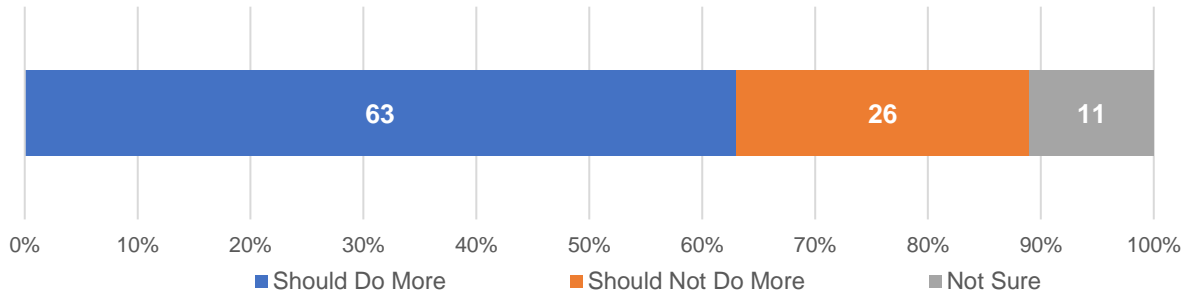

Some cities around the country have begun issuing their own photo IDs, to help those who lack other government issued photo ID. These IDs are available to any resident of the city, are issued after an identity verification process, and cannot be used as a drivers' license. Would you support or oppose Wyandotte County issuing its own photo ID?

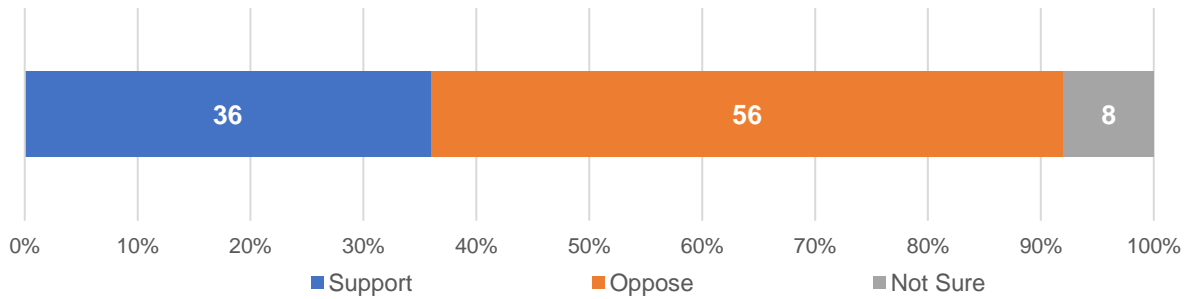

Do you agree or disagree with the following statement: Wyandotte County is a safe and welcoming place for all people, regardless of race or immigration status.

Do you believe that the Wyandotte County government should do more to make the community a safe and welcoming place for all people, including immigrants, or not?

President Trump has made aggressive immigration enforcement, including increased deportations and raids, a priority of his administration. Do you support or oppose President Trump's policies on immigration?

The Trump Administration wants to force local law enforcement agencies to take on more responsibility for immigration enforcement. Should Wyandotte County support the administration's position, or resist it?
